Accountant – Accounts, GST & Taxation	**Full-Time**	**Gota, Ahmedabad, Gujarat**	**3–5 years preferred**

MONTHLY SALARY RANGE
■25,000–■35,000 per month
Negotiable based on relevant experience, technical skills, and ability to independently manage multi-location accounts.

About IA Caterers

IA Caterers operates across multiple locations in Gujarat in the food catering, café, and canteen sectors. We are looking for a reliable, detail-oriented, and experienced Accountant to manage end-to-end financial operations, maintain accurate financial records, ensure timely statutory compliance, and help optimize costs and tax liabilities through proper financial planning.

Key Responsibilities

1. End-to-End Accounting & Bookkeeping

- Manage daily accounting entries, sales, purchases, expenses, receipts, payments, and journal entries.
- Maintain accurate books of accounts for all company locations.
- Record and verify invoices, bills, vouchers, credit notes, debit notes, and supporting documents.
- Maintain accounts payable and receivable, vendor ledgers, customer balances, and outstanding payment records.
- Perform bank, cash, UPI, payment gateway, and other transaction reconciliations.
- Maintain proper documentation and a systematic filing system for all financial records.

2. GST Compliance & Taxation

- Manage GST-related accounting and compliance, including preparation and filing of applicable returns such as GSTR-1 and GSTR-3B.
- Reconcile purchase registers with GSTR-2B and identify eligible Input Tax Credit (ITC).
- Verify GST invoices, tax rates, HSN/SAC classifications, and applicable GST treatment.
- Monitor GST payments, filing deadlines, notices, mismatches, and other compliance requirements.
- Coordinate GST reconciliations and annual compliance requirements with the company's CA or tax consultant, where applicable.
- Ensure accurate and timely TDS deductions, payments, returns, and certificates, wherever applicable.
- Assist in income tax computations, advance tax planning, tax return preparation, and assessment-related documentation.
- Identify legitimate tax-saving opportunities and eligible deductions, exemptions, and input tax credits within applicable laws.
- Maintain compliance with applicable statutory requirements and help prevent interest, penalties, and avoidable tax costs.

3. Multi-Location Financial Management

- Maintain separate location-wise and consolidated financial records for cafés, catering operations, and canteens.
- Track revenue, expenses, collections, cash balances, and profitability for each location.

- Reconcile daily sales with POS reports, bills, online orders, UPI collections, and bank deposits, as applicable.
- Monitor inter-location transactions, stock transfers, advances, and expense allocations.
- Prepare monthly location-wise Profit & Loss statements and highlight unusual expenses or discrepancies.
- Coordinate with outlet managers, kitchen teams, procurement staff, and operations teams to collect accurate financial data on time.

4. Vendor, Purchase & Expense Control

- Verify vendor invoices, purchase bills, expense claims, and payment requests before processing.
- Maintain vendor master data, payment terms, outstanding balances, and due-date schedules.
- Track purchases of raw materials, groceries, vegetables, dairy products, packaging, equipment, and other operating supplies.
- Identify duplicate invoices, incorrect billing, unnecessary expenses, and discrepancies in vendor accounts.
- Support vendor statement reconciliation and ensure payments are properly authorized and documented.
- Monitor food costs, wastage-related expenses, overheads, and other cost heads to support better profitability.

5. Payroll & Statutory Compliance

- Assist with payroll processing, salary records, advances, reimbursements, and employee settlements.
- Manage or coordinate applicable TDS, Provident Fund (PF), Employee State Insurance (ESI), Professional Tax, and other statutory requirements, as applicable to the business.
- Maintain employee-related financial documentation and support compliance reviews.
- Track statutory payment dates and maintain a compliance calendar.

6. Financial Reporting & Management Information

- Prepare monthly Profit & Loss statements, balance sheets, cash flow summaries, and other management reports.
- Prepare location-wise and consolidated revenue, expense, and profitability reports.
- Monitor cash flow, receivables, payables, working capital, and upcoming financial obligations.
- Compare actual expenses against budgets and identify areas for cost reduction.
- Provide management with clear reports on financial performance, outstanding payments, tax liabilities, and cash requirements.
- Flag financial risks, irregular transactions, and compliance gaps proactively.

7. Audit, Documentation & Internal Controls

- Maintain organized records for statutory audits, tax audits, internal reviews, and financial inspections, as applicable.
- Coordinate with external Chartered Accountants, auditors, banks, and tax consultants.
- Ensure supporting documents are available for all material financial transactions.
- Implement proper controls for cash handling, expense approvals, billing, payments, and financial reporting.
- Maintain confidentiality of company financial information and prevent unauthorized access or misuse.

Required Qualifications & Skills

- Bachelor’s degree in Commerce (B.Com) or an equivalent qualification.
- 3–5 years of relevant accounting experience; experience in hospitality, catering, restaurants, cafés, canteens, or multi-location businesses will be preferred.
- Strong practical knowledge of Indian accounting practices, GST, TDS, and income tax compliance.
- Hands-on experience with accounting software such as Tally Prime, preferably with GST functionality, and MS Excel.
- Ability to independently manage accounting records, reconciliations, statutory deadlines, and monthly closing.
- Strong analytical, numerical, organizational, and problem-solving skills.
- High attention to detail, integrity, accountability, and confidentiality.

• Ability to coordinate effectively with multiple locations and operational teams.

Preferred Skills

• Experience handling accounts for multiple outlets, branches, or business units.

• Understanding of food business procurement, inventory costs, food costing, and vendor management.

• Experience preparing location-wise profitability reports and consolidated financial statements.

• Familiarity with POS billing systems, digital payment reconciliations, and inventory management software.

• Ability to identify financial inefficiencies and recommend practical improvements.

Key Performance Indicators (KPIs)

• Timely and accurate filing of applicable GST, TDS, and other statutory returns.

• Accuracy and completeness of books of accounts across all locations.

• Timely monthly closing and submission of management reports.

• Reconciliation of bank accounts, vendor balances, sales, and GST records.

• Identification and resolution of accounting discrepancies.

• Improved expense visibility, working capital management, and cost control.

• Reduction in avoidable interest, penalties, duplicate payments, and missed eligible tax credits.

What We Expect From the Candidate

We are looking for someone who takes ownership of the company's financial operations rather than simply entering data. The candidate should be proactive, trustworthy, organized, and capable of maintaining financial discipline across multiple locations. The person should help management understand where money is being spent, how each location is performing, what taxes and payments are due, and where lawful savings and operational improvements can be made.

How to Apply

Interested candidates may share their updated CV along with details of their relevant experience, accounting software proficiency, current salary, expected salary, and notice period.
